

Collecting lawn mower 1200

With the Avant collecting mower 1200 you can easily do the mowing and collect the clippings. Thanks to its excellent suction power collecting of leaves from the lawns is also possible.

The mulching blades of the mower crush the grass clippings, leaves etc. into a very fine material which then moves to the collector and forms a tight and compact package. The cutting waste is ideal material for composting. Collector capacity is as big as 210 litres, which enables cutting of small to medium sized areas. Emptying of the collector is very easy: lift the mower up from the ground with Avant's boom and then tilt the mower downward so much that the grass waste pushes the lid open and the waste comes out. The Optifloat® floating system, developed by Avant, guarantees optimal touch with the ground also on uneven lawns. Two indicator arrows on the quick attach plate make adjustment of the floating very easy: when the mower is on level surface and the arrows meet, Optifloat® is adjusted correctly.

- ✓ **Powerful mower with a collector unit**
- ✓ **Can also be used for collecting tree leaves on lawns**
- ✓ **Vacuum fan can be turned off and the unit can be used as a mulching mower only**
- ✓ **Automatic collector box lid opening, by tilting the mower downward**
- ✓ **Optifloat® floating system guarantees easy operation and good mowing result also on uneven lawns**

Cutting width	1200 mm
Blades	2 pcs
Cutting height	25 - 100 mm
Collector box volume	210 l
Product no	A35973

Option:
Mounting plate for 200 series, increases tipping angle by 30° A37315
