

Hydraulic breaker

Electric Machine Compatible

Avant breakers are specially designed for use with Avant loaders. From three different models you can find suitable for all 300, 400, 500, 600, 700 and 800 series models.

Avant loader with breaker is a very efficient tool in demolition and refurbishing operations: do the demolition with Avant and breaker, take the debris away with Avant and bucket – very fast and effective. Another benefit of this combination is its compact dimensions: you can go almost anywhere with this unit.

Avant breakers are the fastest, easiest and most efficient breakers for Avant loaders. All hoses, couplings and quick attach brackets are included in the package. In addition to this all set ups have been done to the breaker already at the factory so you can be sure you have a fully functioning package on the worksite.

- ✓ **Top quality sound isolated Avant breakers are quiet and powerful**
- ✓ **Breakers are pre-adjusted at the factory (oil flow, pressure) to suit Avant loaders**
- ✓ **There is a breaker for each Avant model**
- ✓ **Hydraulic hoses and mounting plate are included in the package – the breaker is all ready for work**
